Medicine in Threemilestone School

The school recognises that some pupils will, at some point, require medication during the school day or on Threemilestone School organised activities. The school follows the Department for Education's guidance on managing medicines in schools and Early Years settings:-

(www.gov.uk/government/publications/managing-medicines-in-schools-and-early-years-settings)

This school will dispense medication to pupils as long as;

- It is prescription medication which has been prescribed by a medical practitioner with written instructions for its use

Calpol is taken on residential school trips. Prior consent to administer the Calpol as necessary is obtained from parents/carers prior to the commencement of the trip.

The school does not keep or dispense any other medication other than salbutamol for use with the emergency asthma kit (see below).

Dispensing Medicine

All requests for the dispensing of medication must be accompanied by a consent form completed, signed and dated by the pupil's parent or guardian.

The School Secretaries are responsible for receiving medicines, checking consent and dose information, checking "use by" dates.

All medication will be kept in a secure location and in the conditions required by the medication supplier.

All medication except asthma inhalers and FG's EpiPen are stored in the staff room either in the medicine locker on the wall, medicine fridge or for emergency medication that is not to be locked away, (EpiPens and Epilepsy Rescue Medication) in the red box on the fridge.

Asthma Medication is held in the red medicine bags stored in each classroom. FG's EpiPen is located in his classroom as well as a spare in the staff room due to the severity of allergy.

Medication may only be dispensed by staff who have the written consent form signed by parent and Headteacher. A record will be kept of all medication dispensed. The medication log will be checked before dispensing medication (to prevent accidental "double-dosing") and will be completed and signed by the member of staff after dispensing medication to a pupil.

Medication for personal use by members of staff must also be kept in a secure location. Handbags, etc. containing such items must be locked away and not be left in the classroom where pupils could gain access to them. Staff must not share their medication with any pupil.
